## SASGOG Research e-Letter

January 2021

### RESEARCH NEWS & EVENTS

#### Annual Meeting — Call for Abstracts Deadline Extended

SASGOG has issued a call for abstracts for the 2021 **9th Annual Meeting, to be held virtually on April 9th, 2021 from 01:00 to 5:30 pm Eastern Time**. All abstracts must be original work. Case reports will be considered on a very limited basis based upon their extraordinary clinical importance and relevance to practice. All submissions are peer-reviewed and scored on scientific merit, originality, and relevance to general obstetrics and gynecology. Outstanding abstracts will be eligible for monetary awards.

**Deadline for submission is 2/2/2021.** Learn more and submit your abstract using the button below.

#### Funding for Women's Healthcare and Research

The SASGOG Research Committee is pleased to share that working with other professional women healthcare organizations through the Women First Research Coalition has achieved several of the urgent needs for funding for Women's Healthcare and Research in the FY2021 Omnibus Appropriations Bill.

For details, check the Health and Human Services section using the button below.

## RESEARCH STUDIES

### [Study assesses the quinagolide vaginal ring for endometriosis-related pain](#)

This study — currently enrolling — evaluates the effectiveness of three doses of quinagolide administered as an extended-release vaginal ring to reduce moderate-to-severe endometriosis-related pain.

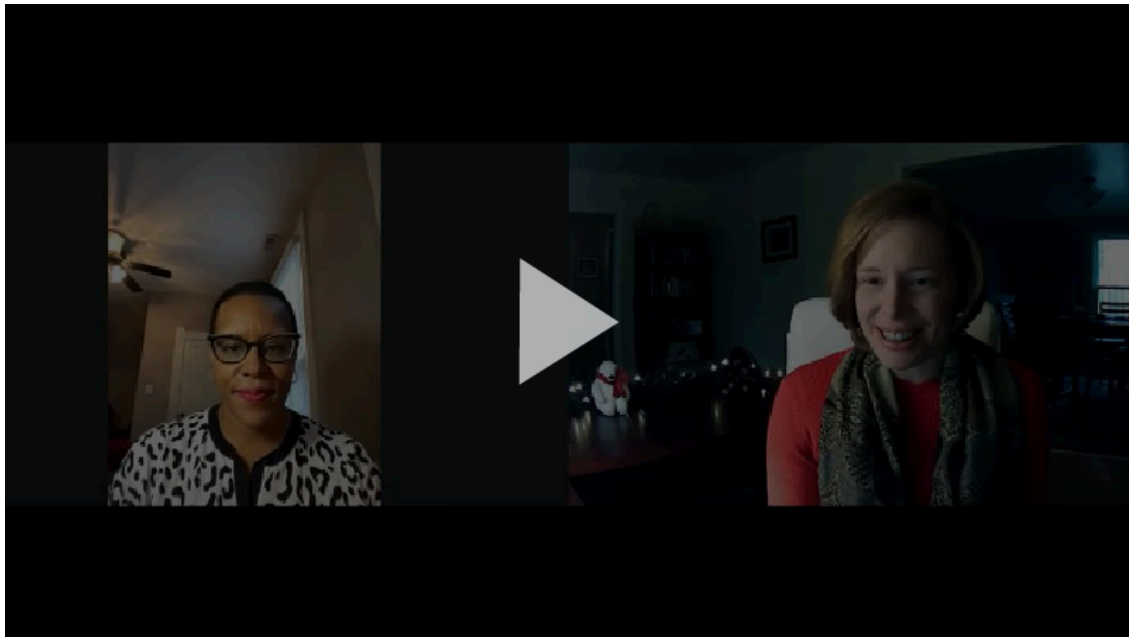

## endometriosis

This study — currently enrolling — explores measurement for endometriosis-related pain to characterize pain typology and topology in affected populations.

## LESSONS LEARNED

### Lessons learned – A successful research career as an Academic Specialist in General Ob/Gyn

Enjoy the first of SASGOG Research Committee's interviews with successful SASGOG member researchers! Dr. Martin and Dr. Tucker-Edmonds discuss in 20 minutes the unique paths, challenges and opportunities that arise as academic specialists work to integrate research into one's career. Dr. Tucker-Edmonds shares lots of pearls of wisdom for Academic Specialists in General OBGYN across all levels of training and career stages, including individuals taking the first steps in research as well as individuals entrenched in a career as a physician scientist. We highly recommend!
